## Parents of Students in Year 7 in 2020 ACER Test

### The Assessment Day for the Ignite Test is Saturday 22nd February 2020

#### Is your son or daughter gifted?

The Ignite Program is a selective entry program for gifted students entering Year 8 at The Heights School. Within the Ignite program there are opportunities for students to be accelerated, and participate in a range of enrichment activities to extend and stimulate their adept minds. They study, and form friendships with other like-minded peers, in a caring and nurturing environment.

Since 2016 our Year 12 students have repeatedly achieved near 20% A grades. In 2019 34% of our Year 12 students achieved an ATAR of above 80. Our highest ATAR score in 2019 was 99.95 for a student who was also participating in the Headstart Program at the University of Adelaide as part of our Ignite Program.

In 2019, 98% of students who applied for university positions were offered their first or second preference. The Heights School is continuing to work with universities to provide valuable links, pathways and opportunities.

If you believe your child would thrive and benefit from the Ignite program, please complete an expression of interest form for your child to sit the ACER test conducted at The Heights School

Register online via <http://www.theheights.sa.edu.au/ignite.html> Additional enquiries can be directed to Michelle Crush (Ignite Services) at The Heights School on 8263 6244 or via email: [Michelle.Crush23@schools.sa.edu.au](mailto:Michelle.Crush23@schools.sa.edu.au)

#### **Please note that students can only sit the test once.**

**If a student sits for the assessment then he/she cannot re-sit the test the following year so we strongly recommend only sitting the test as a Year 7 student**

## Supporting Aboriginal young people to navigate pathways

The Workabout Centre supports Aboriginal young people to move between study and employment.

For many Aboriginal young people, finding a job isn't always easy or straight forward, even once they have attained the skills or qualifications for their chosen career path.

The Workabout Centre offers the 'Playing the Job Game' program to help young people transition from school to working life. Played in 5 easy steps, each step prepares students for a first experience in the workplace and/or training environment.

## 5-Steps to Work Readiness

Each of the 5 Steps is designed to help students gain the entry-level employability skills and knowledge that employers and training providers expect.

The 5-STEPS to Work Readiness program can be accredited and on successful completion, students may receive up to 10 Stage 1 SACE credits. The program can also be linked to a student's Personal Learning Plan (PLP).

## Student-centred learning - how can we help you?

Student-centered learning empowers students to make positive choices, set high expectations and plan achievable training and employment goals.

Each student's **Individual training plan** will focus on how they will 'play the job game', access training and ultimately achieve their goals!
