## SUPERVISION BEFORE AND AFTER SCHOOL

We would like to remind families that yard duty supervision begins at **8.25am** Monday - Friday. There is no supervision for students before this time.

Yard duty supervision in play areas and the Resource Centre finishes at **2.50pm on Mondays** and **3.25pm on Tuesdays - Fridays**. The Resource Centre will close and students will be asked to leave at the conclusion of yard duty with the exception of students participating in scheduled supervised after school activities.

Please make arrangements to have your children collected by the conclusion of yard duty supervision or speak with our Out of School Hours Care Service to arrange enrolment if you need care for your children outside these times. Leaving children on site without supervision is a safety issue and we would like to ask for your assistance in ensuring the best care for your child.

## CAR PARK SAFETY

We would like to remind families about car park safety as the new school year begins. It is always a challenging issue at school drop off and pick up times as car parking on site is limited.

We request that cars first stop in an available car park space before allowing students to enter or exit the car and whilst waiting for students after school. Double parking/waiting in any school car park is not allowed. In the past, students have been placed in unsafe situations with cars waiting in front of parked cars which affects visibility to other drivers.

If you need to park and exit your car for pick up/drop off, please use the parent car parking provided in the Augustus Street car park. If there are no available spaces in this area, we request you exit the car park and find an alternate area to park your car. We do advise that you check parking signs when you park your car in adjacent streets so you do not incur a fine from the council. For students old enough to be dropped off and collected without parent assistance, please use the drop off/collection lane on Brunel Drive. This area is designed for your child(ren) to exit and enter both your vehicle and school gate safely.

We are also aware that some families are using the staff car park in front of Reception to quickly drop off or collect their children. We ask that families do not enter the staff car park unless they are parking to use the OSHC service in the early morning or later afternoon. This car park has no safe turnaround point for extra vehicles and is a safety concern for those students exiting the school on foot through this gate.

We appreciate that car parking at these busy times is challenging and thank you for your cooperation to ensure the safety of both students and families.

## SCHOOL VOLUNTEER PARTNERSHIP PROGRAMME

Joining our School Volunteer Partnership programme is a great way to be part of the school community while making a difference to the education of our students.

There are many areas you can volunteer including classrooms, school events, excursions and the Resource Centre to name a few.

If you would like further information about how to join please contact our Community Liaison on 8263 6244.

We hope to hear from you!

## EALD SURF LIFESAVING EXCURSION

Our 2020 school year concluded with a Year 6, 7 and 8 EALD surf lifesaving day hosted by Henley Surf Lifesaving Club.

The fantastic volunteers at Henley SLSC supported our students to develop some essential beach and water safety skills in time for summer. The day included recognising dangers at the beach, signalling for help, sun safety, swimming, board paddling, wading, floating and flags. We enjoyed having Mr Schild and Obeid, one of our ex-EALD students and now SSO, come along with us. They were certainly the stars of the beach soccer game!

Migrants to Australia are over-represented in drowning statistics on our beaches. This excursion helped us to learn more about water and beach safety so that we could all have a safe summer.

As you continue to enjoy our beautiful beaches, remember to:

- Swim between the red and yellow flags
- Swim with a friend
- Put your arm up high with your fist clenched if you get into trouble
- Float to save energy
- Be sun smart
- Check the surf lifesaving website at [www.surflifesavingsa.com.au](http://www.surflifesavingsa.com.au)

Thanks to Annette Slater, Lesya Volkova, Nick Schild and Obeid for their support of the excursion.

## YEAR 12 GUEST SPEAKER: TIM DANSIE

On Wednesday the 27th January Year 12 students took part in a presentation by Tim Dansie. He is a registered Teacher and Psychologist and spent 12 years working in schools as a Teacher / Psychologist before establishing his own practice and as a result of this he has a good understanding of how schools operate and what can be done to improve a student's educational outcomes. He also works with elite level athletes consulting to the Adelaide Crows Football Club and as a Career Guidance person to the Adelaide United Soccer Club. Tim has vast experience working with children and families and he is able to offer a wide range of services.

**Tim spoke to our Year 12 student specifically about:**

- What is success – knowing where you fit
- Getting organised – time table, preparing to study.
- Stress – what is it, what does it look like, what are the causes and how to manage it.
- Asking for help – how to do it.
- Getting a nice life balance during Year 12.

**Comments from our Year 12 students after the program include:**

*"It prompts student to revisit their own study habits and dealing with stress."*

*"It was an overarching way to raise awareness and frame of mind to studying Year 12 and beyond."*

*"There were good strategies such as to do lists, coming up with plans and how to follow it, time management, work school balance."*

*"Good way to break the ice of Year 12 and a good way to start the year and prepare and not let Year 12 to get unmanageable."*

*"Don't stress too much about atar. It won't define you there are many ways to get to where you want to be."*

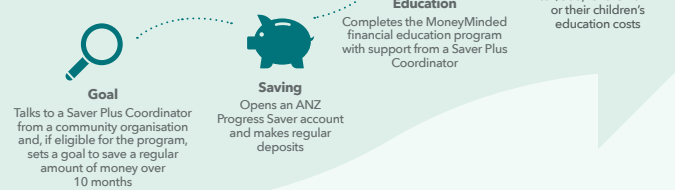

*"Some other good strategies are exercise, vision board, planning, organisation, diary keeping, plan set out the week, get a routine."*
