

Primary student use of mobile phones and personal devices

Purpose

This policy provides direction to students, staff and families about managing mobile phones and other digital devices that students choose to bring to school. Digital devices include, but are not limited to, smartwatches, tablets or laptops that are not part of a separate Bring Your Own Device arrangement. This policy applies while students are at school, or attending an authorised school activity such as an excursion, during school hours.

Mobile phone use for primary school students

The department's position is that primary aged students cannot use their mobile phones and personal devices at school during school hours. The department and the school recognise that there are legitimate reasons for students to bring a mobile phone or personal device to school. This may include:

- to ensure their safety while travelling
- so that parents can contact them outside of school hours.

During the school day students are not permitted to access or use their mobile phones or other personal devices. Students must switch off or mute their devices before storing them at the beginning of the school day. They will not be able to access their device until the end of the school day.

Storage of personal devices

Students' personal devices can either:

- a) be handed to the class teacher at the start of the school day and collected from the class teacher at the end of the day. The teacher will ensure that devices are locked away for safe keeping.*

Or

- b) The student can keep their device in their bag. This is not to be accessed until the end of the school day.*

Note that the School does not accept responsibility for lost items.

If the student does not comply

Outline:

- Students who are seen accessing their devices or attempting to use devices during the school day will have the item confiscated by the teacher until the end of the school day. The teacher will return the device to the student at the end of the day and inform parents.

- Persistent misuse of personal devices may result in disciplinary action which includes but is not limited to parents being contacted, office time out or a suspension.
