

This fact sheet provides a guide for how to clear browsing data in the Edge web browser.

In Edge, click on the three dots in the top right hand corner to open the menu.

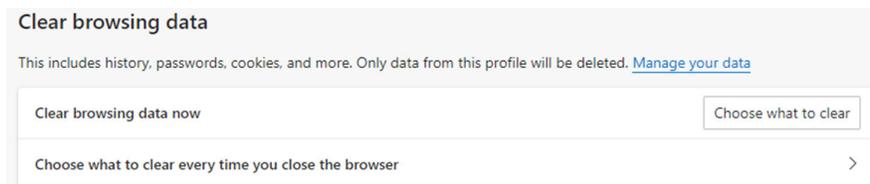

From the menu choose “Settings”.

From the menu on the left-hand side choose “Privacy, search and services”.

Next, click on “Choose what to clear” from the Clear browsing data section.

Then, ensure that the Time range is set to “All time” and the boxes beside “Cookies and other site data” and “Cached images and files” are checked. Once you are ready, click “Clear now”.
