

School Improvement Plan Summary

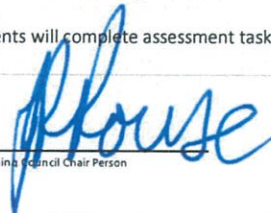

The Heights School P-12

Goals	Targets	Challenge of Practice	Success Criteria
Goal 1: Increase high band achievement in Reading	2022: The average of high band students in year 3, 5, 7 and 9 in reading will be 40%. 61% of all Year 3 students will be in the high band in reading that would be 58 students out of 96. 2023: 45% of all students will be in the high band in reading. 63% of all Year 3 students will be in the high band in reading 2024: 50% of all students will be in the high band in reading. 65% of all Year 3 students will be in the high band in reading	If we deliver a high quality sequenced curriculum through the consistent application of impactful teaching then we will increase HB achievement.	Students will have challenging learning goals and be able to articulate what they are learning and why. Students will have a clear understanding of their next step in learning. Students will use a range of resources to achieve the next step.
Goal 2: Increase high band achievement in Numeracy	2022: The average of high band students in year 3, 5, 7 and 9 in numeracy will be 35%. 45% of all Year 3 students will be in the high band in reading that would be 43 students out of 96. 2023: 40% of all students will be in the high band in numeracy. 50% of all Year 3 students will be in the high band in numeracy. 2024: 45% of all students will be in the high band in numeracy. 55% of all Year 3 students will be in the high band in numeracy.	If we deliver a high quality sequenced curriculum through the consistent application of high impactful teaching then we will increase HB achievement.	Students will have challenging learning goals and be able to articulate what they are learning and why. Students will have a clear understanding of their next step in learning. Students will use a range of resources to achieve the next step.
Goal 3: Increase the percentage of A and B grades at Stage 2	2022: 28% of Stage 2 subject grades will be in the A grade band. 67% of Stage 2 subject grades will be in the A and B grade band. 2023: 29% of Stage 2 subject grades will be in the A grade band. 69% of Stage 2 subject grades will be in the A and B grade band. 2024: 30% of Stage 2 subject grades will be in the A grade band. 71% of Stage 2 subject grades will be in the A and B grade band.	If teachers have shared clarity of high grade achievement then we will increase high grade bands at Stage 2.	Students will understand what is required to produce A/B standard work. Students will have challenging learning goals and be able to articulate what they are learning and why. Students will have a clear understanding of their next step in learning. Students will use a range of resources to achieve the next step. Students will complete assessment tasks on time.
